Re: Final Approval
Cub Mine
ACT/037/044
San Juan County, Utah

Dear Mr. Swanson:

The Division is in receipt of the fully executed Mined Land Reclamation Bond for the Cub Mine in the amount of \$11,008.10.

As you will recall, the Board of Oil, Gas, and Mining issued tentative approval to the Kelmene Corporation for the Cub Mine at its July 26, 1979 executive meeting. Subsequently, this tentative decision was published as required by the Utah Mined Land Reclamation Act to solicit public comment during the 30 day comment period. During this time no adverse public comment was received.

Therefore, because all other requirements have been fulfilled for this operation, the Division hereby issues final approval to The Kelmene Corporation for this operation. Mining operations may now lawfully commence.

Please be reminded of Rule M-8 of the Utah Mined Land Reclamation Act which requires that within 30 days after commencement of operations the operator shall notify the Division of such commencement. Rule M-8 also requires that an Annual Operations and Progress Report be filled out and submitted to the Division at the end of each calendar year.

Sincerely,

Ronald W. Daniels
